ENVOYS AGREE ON TERMS OF PEACE

The Japanese Have Practically Yielded Everything.

ACCEPTS RUSSIA'S ULTIMATUM

Japan Will Get Half of Sakhalin Island But No Indemnity—Russia Will Get Back All of Her Interned Battleships.

Portsmouth, N. H., August 30.—At the morning meeting of Aug. 29, the conference arrived at a complete accord on all the questions and it has been decided to proceed to the elaboration of a treaty.

The Japanese practically yielded everything.

They accepted the Russian ultimatum, no indemnity and a division of Sakhalin, without payment of redemption money.

The Japanese also yielded interned warships and limitation of naval power.

The delegates will be called in at the afternoon session and the actual work on the elaboration of the traty will be begun.

Views of Japanese Press.

Tokio, August 29—8 a. m.—The press opinion is almost unanimous in condemning the proposal to divide Sakhalin in consideration of a monetary remuneration. The Hochi says

"It would be an abominable disgrace identical with selling the national territory. Country's honor and interest forbid the continuation of the conference. Should Russia not yield, Japan's patience is not without limit."

The Asahi advises the breaking off of the conference owing to Russia's unreasonable obstinacy."

"The fact remains indelible," it says, "that Japan has been victorious in war."

"Japan is not impoverished to the extent of thirsting after a sum of money to be paid under the name of prisoners expenses."

The Nishi-Nishi, which is under the guidance of a diplomat of recognized ability, says

"The idea of dividing Sakhalin is not to be entertained. An inefficient and unsatisfactory peace simply amounts to the inviting of a future menace to our interests. An indemnity must also be insisted upon. A strong adherence to our demands might invite a rupture, but no other course is open. Under the circumstances a rupture is preferable to a patchwork peace. The nation is determined to realize the aim and purpose of the war and establish a lasting peace. We trust that the cabinet and elder statesmen who met in the presence of the emperor yesterday are united and prepared to carry out this national determination, even if it involves the lamentable continuation of the war.

"The Kokumin does not believe that a rupture of the negotiations will take place, and trusts that Russia will yield to Japan's fresh proposal.

"Otherwise, Russia must bear the whole responsibility for the continuation of the terrible war."

First Child Born in White House.

Washington, August 30.—Mrs. Mary Donalson Wilcox, said to be the first child born in the White House, the grandchild of Andrew Jackson, and a descendant of John Donalson the pioneer of Tennessee, died here, aged 75 years. Her husband, John A. Wilcox, was at one time a representative from Tennessee, and also represented Texas in the confederate congress.

Germans Kill Insurgents.

Berlin, August 30.—A detachment of marines and sailors from the German cruiser Buzzard surprised about 1,000 insurgent natives, half of whom were armed with rifles, near Kowoni, German east Africa, Aug. 25. The Germans killed 73 of the insurgents and drove many others into the river. Rifi, [illegible] where they were drowned. No [illegible]

PREPARING FOR LONG FIGHT.

Struggle Between Typothetae and the Typographical Union Commences.

Chicago, August 30.—Leaders of the compositors' strike against book and job printing publishers here renewed today their canvass of firms in the Chicago Typothetae, threatening to call out union printers whenever proprietors refued to support the union in its struggle for the eight-hour work day. Several of the large houses are said to be converting upper rooms of their buildings into barracks for the strike breakers. The employers, according to Secretary Hamm, of the Typothetae, anticipating a long and bitter fight. President James Lynch, of the International Typographical union, has telegraphed in response to the request of the Chicago branch of the union for a general strike against the typothetae in all cities of the middle west that he will be in Chicago in a few days.

Another shop employing 23 printers was added to the list of those affected by the strike. The firm disregarded the request of union officials not to oppose the eight-hour demand.

To Perform Critical Operation.

New York, August 30.—Operations which have succeeded one another through the month of pain suffered by Mrs. Arthur Paget, the well known society leader have proved in vain, and another most difficult one will be attempted next week, says the Herald's London correspondent. Mrs. Paget sustained a fractured thigh and the bones failed to knit sufficiently to support the weight of her body. The operation now to be performed is a difficult and serious one, and will, it is expected, last three hours. The side of the thigh will be cut open and an incision made until the fractured bones are encountered. These will then be firmly screwed together with ivory and in a few months' time, it is hoped, the fractures will be united strong enough to bear the weight of the body.

Storm Destroys Fruit Crop.

LaGrange, Ore., August 30.—The worst wind storm in the history of the Palouse country has passed over this section doing much damage to fruit. In some orchards the whole crop is practically a loss while in other sections little fruit is left on the trees. Ripe grain fields are also much injured. Leonard Carroll, aged 23, was instantly killed by coming in contact with a live wire on the line of the Grand River Electric company today. A dispatch from Garfield, Wash. says that the wind storm has practically ruined the fruit crop of eastern Washington. Hundreds of bushels of apples are lying on the ground while the trees are badly damaged.

Police Looking for Kidnaper.

Cincinnati, August 30.—F. E. Nickerson, a Chicago painter, is being sought by the police on a charge of kidnaping his three year old child from the home of his mother-in-law F. E. Roberts, in this city. Mrs. Nickerson has been making her home with her mother since last July, when she left her husband in Chicago and returned here with her baby. She was married to Nickerson four years ago. Nickerson came here Saturday and tried to effect a reconciliation with his wife, but without success. He was allowed to see the child, however, and yesterday took it out for a walk, but has not since been seen. The police were then notified.

Fireman Dies Performing Duty.

Chicago, Ills., August 30.—Groping through smoke to the top floor of the barns of a department store in North Clark street, to rescue four children whom he believed to be cut off by the flames, Lieutenant F. H. Mayer of the fire department, last night was suffocated by smoke. His dead body was found several minutes later by other firemen. While a fire was blazing on the barns the spectators called out that the family of Louis Nelson, foreman of the barns, was cut off by flames. Mayer dashed into the building only to discover that the family had escaped. Overcome, he fell face ownward in the room and died. Lieutenant Mayer was 50 years old.

FEVER SITUATION DECIDELY BETTER

No Increase In New Cases or Deaths Reported.

WEATHER IS NOW MUCH COOLER

It Was Feared that a Decline in Temperature would Cause an Increase in Deaths, But Such Was Not the Case News from Other Points.

New Orleans, August 30.—Showers which began yesterday continued today bringing a decline of temperature to 72, but which the early reports showed increase neither in new cases nor deaths from yellow fever. The changed weather conditions, however served to emphasize the warning of Dr. White, of several days ago that extraordinary precautions must be taken by the community to destroy fresh breeding places for mosquitoes as soon as the y occur. Rains wash the gutters, leaving stagnant pools and requiring all over again the treatmemnt of the sluices with salt.

One of the leading New York insurance companies recently asked its local representative to give the nationality of those who have succumbed to the fever here. The report has been completed and a copy given to Dr White. It shows the following deaths: Italians, 168; French, 33; German 25; Russian, 4; Greek, 1; American, 25; negroes, 3. Total 259.

Memphis Mad at Dr. White.

Considerable interest was manifested here today in dispatches from the city of Memphis announcing that charges would be preferred against Surgeon White for reporting to Surgeon General Wyman that that city was infected, based on the case of Mrs. Guerico, who developed yellow fever shortly after her arrival here. When shown the dispatch, Dr. White said he did not care how many charges were filed, and that he intended to report facts whenever he discovered them.

"An examination of the mortuary reports of Mephis will be found interesting in this character," said Dr White. "Last week's Memphis mortuary report has attracted a great deal of local attention. It shows that out of 54 deaths ten were from malaria five from typhoid, two from araemia and one from pephritis. Mistakes are often made in diagnosis, it is contended by local physicians. Meantime Memphis and Mississippi are beginning to have some of the experiences of New Orleans in the matter of hasty quarantines. Texas has quarantined Memphis people and Baton Rouge and other towns in Louisiana have quarantined the whole state of Mississippi. On the other hand the steady improvement in the New Orleans situation is having an affect on the authorities in Mississippi, and it is expected that their influence will be used against severe restrictive measures in the future.

The authorities continue to have a great deal of trouble with the Italians in the parishes just above New Orleans. Extraordinary efforts are made to conceal cases and report is made of the throwing of the body of a yellow fever victim into a well near Kenner, in order to prevent discovery of the case. The fever at Gulfport has caused the Mississippi coast towns which have not become infected to double their quarantine guards and to completely stop intercourse with towns under the ban.

Ice boats from the Biloxi canning factories are now allowed to enter the waters of Ocean Springs, which is seriously interfering with the shrimp business. A section foreman who ran the quarantine in a box car has been fined $50 at Ocean Springs. The appearance of the fever at Natchez and Lake Providence has caused Monroe to put on a tighter quarantine. It has also resulted in increased restrictions by Arkansas. The effect of the action of the latter state threatens to cut off communication.

Train Stopped at State Line.

A train of that road passing through Monroe has been stopped at the Arkansas line and turned back. Monroe is, therefore, without a northern outlet. Natchez people now are making no effort to escape north through Louisiana. They are going by way of Jackson.

A train load of refugees have already left the Missisippi city. The local situation steadily grows better. In spite of the cool weather there has been no increase in the death rate the small number of fatalities in the past 24 hours having an exceptional fine effect. At the same date in 187[illegible] there were 17 deaths.

Professor Boyce, of the Liverpool School of Tropical Medicine, has delivered his first lecture at the Temple Sinai. He was given a cordial reception. Professor Boyce said he had been here long enough to realize that splendid work was being done under the direction of the federal authorities and expresses an opinion that the immense service will be rendered to the civilized world by the success of the campaign which he felt was assured.

Report of New Cases Denied.

Jackson Miss., August 30.—Dr. J. F. Hunter, secretary of the state board of health, denies the report sent out from New Orleans last night of the appearance of four cases of yellow fever at Escatawpa, in Jackson county. No such report has been received by the board.

TWENTY MEN ARE DROWNED.

Vessel Sinks Off the Florida Coast During a Heavy Storm.

Fernandina, Fla., August 30.—Twenty men, constituting all but two of the officers and crew of the American steamship Peconic, bound from Philadelphia to New Orleans with coal drowned by the sinking of that vessel off the coast of Florida. The disaster was the result of a fierce gale which raged along the coast during the night and early morning. Lashed by the storm, an immense wave struck the vessel with terrific force. The impact coming just as the vessel was making a turn, caused a shift of the cargo and the vessel careened and sank immediately.

The accident occurred so quickly that only two of those aboard her an Italian and a Spaniard, were able to save themselves. They succeeded in getting into a life boat, reached Amelia beach about noon, and landing told the story of the disaster.

These men could speak no word of English. They said they were the only survivors of the crew of the Peconic, commanded by Captain Jones.

Merger of Railroads Confirmed.

San Francisco, August 30.—The stockholders of the Southern Pacific Railroad company represented mainly by proxies, at a meeting in this city have voted their approval to the recent merger of the Southern Pacific railroad of California with the Southern Pacific railroad companies of Arizona and New Mexico. Following this action the stockholders voted to increase the capital stock of the corporations to $150,000,000, and to issue bonds for that amount to meet requirements of merger and the refunding of the old bonds. The merger includes all the Harriman lines between San Francisco and El Paso and the coast road between San Francisco and Santa Cruz, and the Central Pacific line in California, which extends from Lathrop to Goshen and includes the ferry system between this city and Alameda county.

Italian Steamship Company Fails.

San Francisco, August 30.—M. G. Tonini, local agent for an Italian steamship company, has filed a petition in bankruptcy fixing his liabilities at $57,716. Among the creditors are the Bank of Genoa, $64,000, Bank of Lucca $1,200, the Bank of Chivari $4,000 and a Swiss bank $8,000. None of these claims are secured.

Phipps Boys on Trial.

Edinburg, August 30.—The trial of J. S. and J. C. Phipps, sons of Henry Phipps, of Pittsburg, Pa., began here today before the high court. The defendants are charged with shooting at and wounding three salmon fishers on July 5 on the Beaufort castle estate, Invernesshire, which is leased by Mr. Phipps, Sr., from Lord Lovat.

SHIP EVADES JAPS DURING HEAVY FOG

Nerve of the Captain Saved Vessel and Cargo.

RETURNS SAFELY TO AMERICA

The Steamship Centennial Has a Very Hazardous Voyage—Her Cargo Was Contraband of War and Was Consigned to a Russian Port.

Seattle, Wash., August [illegible] The steamship Centennial reached [illegible] last night after a voyage to the mouth of the Amur river, for which [illegible] she sailed from San Francisco [illegible] 12. The officers say the [illegible] their captain's nerve saved them from capture by the Japanese. [illegible] mand of Captain Strand, the Centennial sailed from San Francisco [illegible] a cargo, the principal part of which was salt, although she carried some flour. It is understood by the officers that she was under charter to a man named Louri, who owned she was taking cargo to a port which he owned at Nikolaivsk, which is some distance from the mouth of the Amur.

The Centennial dropped anchor [illegible] miles off Nikolaivsk. Here she was obliged to wait for 19 days before she could discharge her cargo. Fearing [illegible] away. Although the cargo of the Centennial was said to have been shipped by a private party, the [illegible] work of discharging was done by Russian soldiers caused the officers and crew to have suspicions as to whether or not it was for private use.

Lincoln's Birthplace Sold.

Hodgenville, Ky., August [illegible] ham Lincoln's birthplace, a small farm, was sold at auction to R. [illegible] lier, of New York, represented by J. McDermott, a Louisville [illegible] who probably bought it as an investment. The price paid for it [illegible] not more than it would bring for building purposes. The property was sold by order of court in the [illegible] case of A. W. Dennette, of New York, who had purchased it fifteen years ago from the Creal family. Into whose hands it came at the time the Lincoln family removed from the state. Besides Mr. McDermott, John P. Hamilton, of Philadelphia, and W. [illegible] of Chicago, were bidders.

All Quiet at Tracy City.

Chattanooga, Tenn., Aug. [illegible] special to the Times from Tracy City says that all is quiet there this morning. The two battalions of the [illegible] artillery, national guard, [illegible] have been quartered in the mining [illegible] will today go into camp near the mines to protect nonunion men who wish to work. The soldiers arrived last night in the cool mountains [illegible] as they are clothed in khaki. [illegible] Camp Lorena, at Harriman, where they left for active duty, will be broken up until the regiment is ordered home.

Blame Railway for Accident.

Butte, Mont., August 30. [illegible] ner's jury has returned a verdict in connection with the collision between a street car and a Butte, Anaconda and Pacific freight car on the night of Aug. 20, in which ten persons lost their lives and a score of others injured. According to the verdict the Butte, Anaconda and Pacific company had failed to maintain [illegible] at the street car crossing and the council was held negligent in failing to compel the railway to install gates.

Killed in Cotton Gin.

New Orleans, August 30. [illegible] a cotton gin on his plantation near [illegible] ville, La., early today General [illegible] Bullion, formerly commander of the Louisiana division of the United Confederate Veterans, sustained injuries from which he died during the day. General Bullion was a native of Louisiana, aged 65, and served through the civil war. He represented his parish for several terms in the legislature.

GAINESVILLE MERCHANTS IN LEAD

Merchant & Co. Wednesday Consigned Goods to Old Mexico.

FEATHER IN MERCHANT'S CAP

It Means That Gainesville Cannot Only Furnish Prices, but Merchant is Close on Margins and as a Result Reaps the Distinction.

Who would believe that Gainesville would ever take an order for shipment to Mexico?

This may seem strange, but "truth is stranger than fiction," and this is the truth. To Geo. S. Merchant & Co. belongs the credit of shipping the first order from Gainesville to Mexico ever recorded and probably the first shipment of the kind in the history of the mercantile trade of the State.

A few days ago Mr. Merchant, manager of the firm, quoted various articles, through an agent, to Graves & Graves, Frontera, Mexico. "While I appreciated and reverenced the confidence of my friend, the agent," remarked Mr. Merchant, "I am frank to say that I had little confidence in securing the order, for the fact that there were so many points nearer. In compliance with the request, however, I submitted prices, and to my surprise the order came and it has been filled at the prices quoted."

The order comprised seed stuff and was made up of one bushel of velvet beans, five bushels of cowpeas and one bushel of peanuts, all Florida grown.

It was through the desire of the firm to secure the best possible for planting that the order was sent to Mr. Merchant through the agent, and it goes without saying that everything will turn out "to the good."

The shipment was made via the Seaboard Air Line yesterday. A rate to Frontera is such an unusual thing that it at first dumfounded the genial agent, but it did not require long after he recovered to determine the same, a bill of lading was made out, and the goods sent on to their destination.

THE YELLOW FEVER.

Three Cases at Pensacola—The Disease at New Orleans.

Pensacola, August 30.—State Health Officer Porter yesterday afternoon announced that three Greeks in this city had yellow fever in a mild form. They are fruit venders and are able to be about their houses. A strict quarantine has been established and all precautions will be taken to prevent its spread. The three men speak so very broken that it is impossible to learn how they contracted the disease.

At New Orleans.

New Orleans, August 30.—The prospect looks brighter today, and there is a general feeling that the disease is well in hand. Up to noon today there were 18 new cases reported since 6 p. m. yesterday, with four deaths. From 6 p. m. Monday until the same hour Tuesday there were 45 cases and seven deaths reported. The cases outside the city are said to be mild.

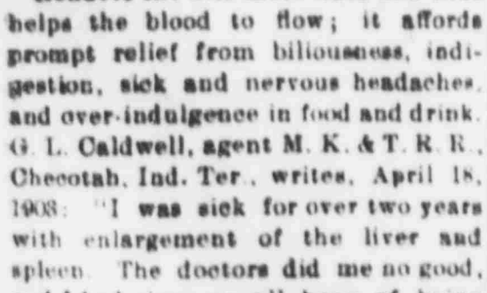
Herbine

Renders the bile more fluid and thus helps the blood to flow; it affords prompt relief from biliousness, indigestion, sick and nervous headaches, and over-indulgence in food and drink. G. L. Caldwell, agent M. K. & T. R. R., Checotah, Ind. Ter., writes, April 18, 1903: "I was sick for over two years with enlargement of the liver and spleen. The doctors did me no good, and I had given up all hope of being cured, when my druggist advised me to use Herbine. It has made me sound and well." 50c. Sold by W. M. Johnson.

THE ELKS ORGANIZE.

Gainesville Lodge No. 990 Instituted Wednesday Night.

Gainesville Lodge No. 990, B. P. O. E., was instituted in this city last afternoon and night. Inasmuch as the services did not conclude until early morning, a fuller notice will not be given until later, when "the boss" and the city editor will know more what they are talking about.



A Wart or Pimple

MAY BE CANCEROUS.

When a wart, mole or pimple shows any sign of tenderness it is a warning that bad blood is behind it. Often these places are on the face, hands, legs or other part of the body for years, and give no sign to cause uneasiness, and then with a little rough handling, a slight cut or bruise will develop into a sore that refuses to heal, and the sufferer finds himself afflicted with a cancerous ulcer.

About three years ago a blister came on the right side of my nose. It grew speedily in spite of all efforts to heal it up; the pain was not very severe at first, but increased when the sore began to inflame and discharge matter. At times the place would scab over and appear to be getting well, but the scab would drop off, leaving a red, angry looking ulcer. I had almost despaired of ever curing it, when my attention was called to S. S. S., and after taking a few bottles the sore began to gradually grow smaller, the discharge stopped and I was cured.
Owensboro, Ky. JNO. MASSIE.

If the blood is pure and healthy these sores cannot exist. S. S. S. is the ideal blood purifier. It cleanses the blood of all poisons and impurities, making it strong and vigorous and able to supply the body with the strength and nourishment it needs. There is nothing that acts so promptly as S. S. S., toning up the entire system, helping the general health and curing sores permanently. Do not let a wart or pimple develop into a cancerous ulcer, but purify your blood with S. S. S. It is nature's remedy, purely vegetable, and while driving all poisons from the blood, will build up every part of the system. Book on the blood and any medical advice desired will be given without charge, to all who write.

Superintendent Holloway is satisfied with the attendance and says he has never met as an aggregate a more intelligent class of applicants.

THE POWER OF STEAM.

Many May See But It Takes Genius to Realize.

When James Watt saw the steam causing the kettle lid to jump up and down he said "There must be power in that steam that it can lift such a weight."

There was.

Millions prior to him had seen the same phenomenon and regarded it as an unexplained mystery.

Recent scientific research has put its finger on the "cause" of Dandruff, Falling Hair, and consequent Baldness, and has unearthed a tiny germ which eats the life from the roots of human hair.

Newbro's Herpicide destroys this germ and consequently restores the hair to its natural state.

NEW ROAD TO TAMPA AN ASSURED THING

Corps of Surveyors Will Commence Work Monday Morning.

THE IRON HAS BEEN ORDERED

Delivery Will Begin September 15th, Construction Will Begin Within Thirty Days—Through Trains Will be Running in Less Than a Year.

A. P. Stuckey of Ocala, first vice-president of the Gainesville and Gulf Railroad Company under its recent reorganization, has been in the city on business connected with the road.

Mr. Stuckey, who is a very entertaining gentleman, was seen at the Brown House, and the subject of extension and other improvement of the Gainesville and Gulf was ventured.

"Yes, we are going to make a trunk line out of the Gainesville and Gulf," unhesitatingly remarked Mr. Stuckey, "and I am here now for the purpose of making preliminary arrangements. We propose to begin Monday to run preliminary lines of survey from Fairfield to Tampa, a distance, as near as we can now calculate, of 105 miles. We expect to establish the line upon which we will build within the next thirty days, when work of cutting the right-of-way and grading will begin at once. The order has been placed for the iron, and we expect the first delivery about September 15th, with regular shipments from that date on. The cross-ties are now being hewn for the extension, and a large number will be ready by the time the force is ready to lay them.

"The extension of the Gainesville and Gulf is going to mean not only a big thing for Gainesville and the points reached by it, but a great benefit to the State. It will shorten the distance between Gainesville and Tampa seventy-four miles, which will be a big saving in both fares and time. The road will also open up a magnificent farming and timber section which has heretofore been undeveloped, on account of transportation facilities.

"The owners of the Gainesville and Gulf propose to make this road the trunk road of Florida," continued Mr. Stuckey, "and it is perfectly natural that it should be, as it will traverse the very heart of the State, touching many of the most prominent cities and towns with a southern terminal second to none in the South."

When asked about what time he expected the road to be completed, Mr. Stuckey said:

"All conditions being favorable, we will be operating through trains to Tampa within eight to ten months. We propose to go about this construction work with a system and will have several 'gangs.' In the meantime, while the track is being laid we will look after securing as fine rolling stock, both passenger and freight, as was ever brought to the State."

Asked about the effect the extension would have on Gainesville, Mr. Stuckey replied:

"It is going to prove one of the best things for Gainesville that ever happened. We are interested in this city, and if we had not been we would never have negotiated for the property we now hold. This is destined to become the largest and most important interior city in Florida, and the day is coming when the wholesale trade will be an extensive commercial feature here. The completion of the Gainesville and Gulf to Tampa is going to make it so for the wholesale merchant may then secure the benefit of a fair and impartial freight rate, born of competition, and it will also open a territory which will virtually be his own."

While here Mr. Stuckey employed Surveyor J. W. Patton, A. W. Taylor and a force of assistants, and the surveying corps will begin work Monday morning from Fairfield.

First National Bank.

The report of the condition of the First National Bank of Gainesville, at the close of business on August 25th, 1905, contains a very satisfactory statement of the affairs of this successfully managed institution. The present statement is the most satisfactory of any ever made since its inception, which is very encouraging to stockholders and officers. While the increased business shows well for the city, the resources of the First National are very assuring, by reason of which, and its careful management, it affords the highest possible security to depositors and all who have banking business to transact.

MOZLEY'S LEMON ELIXIR

REGULATES THE

BOWELS,
KIDNEYS.

The inventor of the famous "TERRELL SCRAPE," a man known wherever plows are sold and used, says:

"I have used MOZLEY'S LEMON ELIXIR for 10 or 12 years in my family for the stomach, liver and kidneys, and find it is the best medicine I have ever used. It is also a sure specific for pain in the back or under the shoulders. I have recommended it in numerous cases to my workmen, when sick and unable to work, and it has always given perfect satisfaction. H. D. TERRELL, President Atlanta Plow Co., Atlanta."

THE NEWS FROM ALACHUA.

Coming Marriage of Popular People. Cotton Crop—Other Notes.

Alachua, August 30.—Invitations are out for the marriage of Miss Alice Fowler to W. T. Robarts at the home of the bride's parents, at Melrose, on Wednesday, September 6th.

Mrs. K. M. Emory is visiting friends in Tampa.

Mrs. F. B. Dell and daughter, Miss May, of Traxler, were the guests of Mr. and Mrs. S. C. Dell Tuesday.

Miss Katie Smith is visiting relatives in Tampa.

Miss Maud Immar, after a pleasant visit to friends here, returned to Plant City Saturday.

Miss Maud Mason has returned from a pleasant visit to Jacksonville.

W. H. Sealey, proprietor of the Racket Store, is in New York buying his fall goods.

F. Y. Smith spent Tuesday in Gainesville.

Mrs. Fisher and children of Lake City are visiting Mr. and Mrs. J. E. Harrison.

W. A. Farris spent part of last week in Jacksonville.

Considerable cotton is being received here now and all three of the gins are busy. It is thought that the crop will be cut short, as caterpillars are plentiful.

Rheumatism.

When pains or irritation exist on any part of the body, the application of Ballard's Snow Liniment gives prompt relief. E. W. Sullivan, proprietor Sullivan House, El Reno, O. T., writes, June 6, 1902: "I take pleasure in recommending Ballard's Snow Liniment to all who are afflicted with rheumatism. It is the only remedy I have found that gives immediate relief." 25c, 50c and $1. Sold by W. M. Johnson.

A Unique Affair.

Tuesday evening the friends of the young men keeping "Bachelor's Hall" at the residence of Mrs. W. P. Garrett were royally entertained. One of the most enjoyable features of the evening was the unique character of the menu, which consisted of four courses, interspersed with musical selections, both instrumental and vocal, rendered by Misses Fennell and Dempsey and Messrs. Futch and Pixton.

The participants of the festivities were as follows: Mesdames Futch, Wilcox and Haile. Misses Fennell, Nelle and Pattie Dempsey, Banks, Wilcox, Hendricks and Hennington. Messrs. Futch, Wilcox, Ellis, Pixton, Goodman, McCook, Avera and Johnson.

If the Baby is Cutting Teeth

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

Dr. Julian's Return.

In a letter under date of August 25, Dr. B. F. Julian states that, after two months' rest and recreation at Lookout Mountain, Tenn., and resorts in the mountains of North Georgia, he will return to his home in Archer to resume his usual practice on September 1.

Woman Seeks Watery Grave.

Chicago, August 30.—In sight of hundreds of passengers crowded about the rail of the steamer Eastland, a woman walked from the partly swung bridge into the river at Wells street last night as the bridge moved back into place after the passing of the excursion boat. The efforts of a dozen life savers who leaped from the boat and docks to the river were futile, as the victim failed to rise to the surface after the fall.

Fire Causes Loss of $500,000.

Johnstown, Pa., August 30.—The building and stock of the Penn Traffic company, which operates the largest department store in the city, are a total loss as the result of a fire that started about 11 o'clock last night among some refuse near the elevator shaft in one of the wings of the building. The estimated loss is $500,000 which is almost covered by insurance.

Decomposed Body of Man Found.

Petersburg, Va., August 30.—The badly decomposed body of George A. Reed, who has been missing since last June, has been found in a shallow grave near Boulder creek. The body shows that Reed had been shot in the back and dragged some distance to the place where he was buried. It is supposed he was murdered for the money he is known to have hoarded in his hermit cabin in the mountains.

Cures Sciatica.

Rev. W. L. Riley, L. L. D., Cuba, New York, writes: "After fifteen days of excruciating pain from sciatic rheumatism, under various treatments, I was induced to try Ballard's Snow Liniment; the first application giving my first relief and the second entire relief. I can give it unqualified recommendation." 25c, 50c, $1.00. Sold by W. M. Johnson.

China Gets Railroad Again.

New York, August 30.—As the result of the conference between the president and J. P. Morgan at Oyster Bay yesterday the Chinese development company held a meeting today and ratified the sale of the Hanko railroad back to China. The plan was arranged at the meeting between the president and Mr. Morgan, and is satisfactory to both of them.

No Official Report of Massacres.

Odessa, August 30.—Nothing is as yet known here officially or otherwise of the reported Jewish massacres at Cidji, Bessarabia. Inquiry in Jewish circles here elicited denials. If such a thing had occurred the Jews here undoubtedly would be fully informed.

Pensacola is having trouble with chicken thieves.

The fishing at Daytona is said to be great this season.

The parties who robbed the postoffice at Mascotte have not yet been apprehended.

Capt. Robert McCreary has established a fish packing house at Tarpon Springs.

Ten crap shooters were arrested at one haul in Tallahassee last Monday by the police.

The new A. C. L. depot at Tarpon Springs has been completed, and it is a decided improvement.

The Knights of Pythias at St. Petersburg will give a big minstrel performance October 27th.

Miami's new chemical engine was called out to its first fire Sunday night and did excellent service.

Prof. Pepper will teach the school at Astatula, Lake county. He will no doubt make it hot for the scholars.

Uncle John Lanier of Blitchton was stricken with paralysis a few days ago and was unconscious at last reports.

Williston wants a bank and it is a good location for one. But just we, ahem—well, we hope their wants will be supplied.

Buster Young, a Pensacola negro, died on Monday night from wounds received at the hands of Jim Forest. Forest made his escape.

Daytona is being probed on the waterworks question. Some favor bonding for $60,000 to erect a plant and private parties are after a franchise.

D. E. Thompson, former editor of The St. Augustine Record, is recovering from a recent illness. His friends of the press will be pleased to hear of his complete recovery.

"The Range," the name given by Charlie Worth to the amusement lane at the Tampa Fair, is not what one might have expected to be applied to that thoroughfare.

Quincy has kept everlastingly at it until the people of that city have got another train over the Seaboard Air Line between that place and Jacksonville. Nothing like pluck.

Mrs. J. A. Lowe, who was shot by her husband at Key West a few days ago, is in a critical condition. It is thought the spinal cord is severed. Capt. Lowe will recover from his self-inflicted wounds.

A scheme to transmit electricity for illumination purposes from Bagdad to Milton will be able to discard the old-fashioned street oil lamps and have the up-to-date lights. There is a fine electric plant at Bagdad.

A woman who gave the name of Ella Burns was picked up by the police in Jacksonville last Monday and taken to the county hospital. She had evidently swallowed some drug, but whether with suicidal intent no one could tell.

W. C. Jones of the Pensacola Chamber of Commerce got warm under the collar because Mayor Bliss wanted to investigate the Jim Crow street car ordinance before he signed it. Bliss was struck by Jones and the police arrested him.

Punta Gorda Herald: According to The Tampa Tribune, the DeSoto county editors are afflicted with mysterious disappearances. First there was Newall G. Broome, of The Zolfo Advertiser, who strangely vanished last year, and now The Tribune says that G. Herb Palin, of The Arcadia News, has "come up missing." To prevent this trouble spreading, The Herald suggests that the DeSoto editors hereafter wear bright red patches on the seats of their trousers that they may be readily identified.

A Warning to Mothers.

Too much care cannot be used with small children during the hot weather of the summer months to guard against bowel troubles. As a rule it is only necessary to give the child a dose of castor oil to correct any disorder of the bowels. Do not use any substitute, but give the old-fashioned castor oil, and see that it is fresh, as rancid oil nauseates and has a tendency to gripe. If this does not check the bowels give Chamberlain's Colic, Cholera and Diarrhoea Remedy and then a dose of castor oil, and the disease may be checked in its incipiency and all danger avoided. The castor oil and this remedy should be procured at once and kept ready for instant use as soon as the first indication of any bowel trouble appears. This is the most successful treatment known and may be relied upon with implicit confidence even in cases of cholera infantum. For sale by all druggists.

Investigating Assassination.

Constantinople, August 30.—The police and other officials here are making inquiries into the mysterious demise by assassination on Aug. 26, of Apik Undjian, a prominent Armenian who was shot in the Galatea quarter of this city by a man named Ghirkis Vartanian, who claims to be a naturalized citizen of the United States. According to the official version of the affair, Vartanian, who is a native of Kharput, and resided for ten years in the United States, says he was ordered to kill Undjian, but refuses to say by whom the order was issued.

Public is Aroused.

The public is aroused to a knowledge of the curative merits of that great medicinal tonic, Electric Bitters, for sick stomach, liver and kidneys. Mary H. Walters of 546 St. Clair Ave., Columbus, O., writes: "For several months I was given up to die. I had fever and ague, my nerves were wrecked; I could not sleep, and my stomach was so weak, from useless doctors' drugs, that I could not eat. Soon after beginning to take Electric Bitters, I obtained relief, and in a short time I was entirely cured." Guaranteed at all drug stores; price 50c.

Meat in Germany Advances.

New York, August 30.—The price of meat in Germany is rising—has risen in fact—almost to famine rates says a Berlin dispatch to the Herald. The correspondent declares that the advance is due to regulations closing the frontiers against Russian meat and American tinned meats. The butchers in all the provinces, after ineffectual appeals to the minister of agriculture, yesterday co-jointly with the municipal authorities will appeal to the emperor, requesting his intervention on behalf of the lower classes.

Another Good Man Gone Wrong.

He neglected to take Foley's Kidney Cure at the first signs of kidney trouble, hoping it would wear away, and he was soon a victim of Bright's disease. There is danger in delay, but if Foley's Kidney Cure is taken at once the symptoms will disappear, the kidneys are strengthened and you are soon sound and well. A. R. Bass of Morgantown, Ind., had to get up ten or twelve times in the night, and had a severe backache and pains in the kidneys, and was cured by Foley's Kidney Cure. J. W. McCollum & Co.

Aged New Yorker Dead.

New York, August 30.—Theodore Wallace Todd, for more than 50 years head of what is said to be the oldest business establishment in New York city died yesterday. He was 80 years of age. The business was established prior to 1790. Mr. Todd belonged to one of the oldest New York families. His people have been prominent in the social business and religious life of the city for two centuries. Among his numerous surviving relatives is President Roosevelt.

They Appeal to Our Sympathies.

The bilious and dyspeptic are constant sufferers and appeal to our sympathies. There is not one of them, however, who may not be brought back to health and happiness by the use of Chamberlain's Stomach and Liver Tablets. PEACE AT LAST.

The confirmation of the peace news and the concessions made by Japan cause much comment. By the generous terms Japan, however, has made an impression that will place her high in the estimation of the world, and Russia will remain as before—a bear.

And while many will say that Japan was too easy, she will get all she contended for at the outbreak of the war. Besides half of the island of Sakhalin, she will get about everything Russia had in Manchuria, which has cost the Czar's government hundreds of millions.

President Roosevelt is very much pleased with the result, and it must be acknowledged that had it not been for his persistence in keeping the envoys together they would have accomplished nothing.

Florida is 17th in the National match at Seagirt. Georgia 20th. Hurrah for our boys!

The death rate in Florida for 1904, 7.37 per 1,000, is a better showing than any State in the Union.

The Florida militia is making a good showing at Seagirt, leading all the Southern troops, at last reports.

By the time Japan gets everything nailed down that belongs to her by the settlement she will have quite a big slice.

Rockefeller must have sent some money to Venezuela. It is said that Castro has placed a million dollar order in Europe for artillery.

When you are talking about "the beer that made Milwaukee famous," you want to bear in mind that Toledo has the Buckeye beer that made the mayor of Atlanta glorious."

The Boston Globe says Collector Crum made a good impression in Boston. Yes, he made a better impression in Boston than he did in the wheel chair at Asbury Park.

The only thing that prevents the people of Lower Mississippi and Louisiana having a pitched battle in regard to yellow fever, is that they are kept so busy looking after the patients they can't take time.

The jury system would be all right if men would only be allowed to serve who are competent to form an idea. Ignorance is a requirement that is sought in the make-up of juries. When men who read and form opinions, but whose opinions could be changed by law and evidence, are chosen for jurymen then the system will be safe.

It would seem as though the Florida State Mid-Winter Fair Association of Tampa would send out a bunch of presidents to the various vice-presidents throughout the State, so that those who are interested could get the matter without being obliged to write to the secretary. We would advertise the Fair a little while, to have the homes where the people could get them if they so desired. It would be a very good scheme, however.

SHOULD BE SATISFIED.

The peace terms agreed to between Japan and Russia have shown that both nations have enough of the game, yet Japan shows that she would go ahead with the struggle if it were necessary. In fact, the people of Japan indicate a strong desire to fight it out anyway.

But the war tax will be sufficient for both parties, provided they stop now, and it is quite evident that neither country did it any too quick to save their credit, for it looks as though the little Islanders had dug up nearly everything they could find from which they could realize anything.

The demand for indemnity has been arranged so as not to injure the pride of Russia and there will be no further trouble along that line. Some seem to carry the idea that the demand for an indemnity is uncivilized, yet it is not so long ago that France paid Germany a handsome sum, and both countries pride themselves on their modern civilization.

The fact that peace will reign in the Far East will be hailed with joy by the whole civilized world, but there has been no lesson for good. Russia will be as mulish as ever, because she was not humiliated, and Japan will maintain that if it had not been for President Roosevelt she would have had the whole population of Russia landed in the Siberian mines in less than another year.

SUNSTROKES.

Don't knock so much, but walk right in.

The man who acknowledges he is wrong is sure to make friends.

A mosquito is like some good advertisers—he is not satisfied with one insertion.

There are some people who should never argue—the fellows who are always right.

Many people have their hearts touched from sympathy, who would never touch their purse in the same cause.

There are many men who keep on wasting their time who claim they would not if they had their lives to live over again.

An Illinois editor says the first kiss a girl gets she don't like it much, because there is no taste in it. Must have been an old girl.

Some men can remember certain things longer than others. A man will remember lending money to a fellow, even if he can't remember getting it back.

TAMPA FAIR NOTES.

Work on all the buildings is being pushed rapidly and they will be completed and ready for occupancy several weeks before the opening date.

A separate building for exhibits by the colored people of Florida will also be erected at considerable expense. It will be known as the Negro Building.

The State has appropriated $15,000 for premiums and the association will make additions, the merchants of Tampa also offering specials of much value.

The premiums offered by the Florida State Fair at Tampa include every product known to Florida, including agriculture, horticulture, live stock, mineral, educational, etc., as well as handsome prizes for every branch of woman's work. Premium lists may be had by addressing F. L. Huffaker, secretary, Tampa.

The Florida militia are showing them at Seagirt that they know how to shoot.

Ocala is holding some very animated meetings for local option.

KEEP SWEET.

There is a saying that "every time a sheep bleats it loses a mouthful of hay." Every time a woman worries she loses a little of her attractiveness and takes on marks of age. If the members of the family are habitually late try to remedy it, but don't worry about it. If you do you will grow older in the process. If your husband or children do things which do not please you, do not nag at them. This will only aggravate the evil you complain of, and it will cost you some of their love and respect. Every time you nag you will lose a little of your power to charm and attract them to you. If you lose your pocket-book don't worry about it. Worrying will not bring it back, but it will take out of your face and disposition that which money can never replace. If you meet with bitter disappointment, don't fret, don't cry over it. If you do you pay a penalty which you can ill afford. No woman can fret and nag and worry and keep away the marks of age, or retain her beauty and power to please.—Success.

THE STATE LAWS.

The Sun today publishes all the laws adopted by the last session of the Florida Legislature. The enactments of this law-making body are extensive and interesting. Every citizen who proposes to keep abreast of the times and conversant with the public affairs of the State should read them.

The provision for the publication of these laws in the newspapers affords all an opportunity to become familiar with the enactments of the Legislature, and the supplement should be filed away for future reference.

Mark Twain has got another funny story started about himself. He has given out the report that he has the gout. Mark beats them all. He got the story started once that he was crazy and a new reporter went to interview him on the subject, when Mark seized the tongs, smashed a plaster of paris statuette that stood on the mantel and the reporter ran for his life and said that Mark Twain was a raving maniac.

Brain Workers.

Brain workers suffer from headache because they over-tax and exhaust the brain nerves. Tired, irritated, turbulent brain nerves throb and ache; this weakens the brain power, and robs the memory.

Dr. Miles' Anti-Pain Pills bring tranquility to the excited nerves and stop the pain. If not relieved, this nerve disturbance is frequently extended to the stomach, causing nausea, vomiting—sick headache.

Dr. Miles' Anti-Pain Pills are convenient to take—just a little tablet, that in a few moments relieves the pain; they leave no disagreeable after-effects, as they contain no opium, morphine, cocaine or chloral in any form.

"From personal experience I can testify that Dr. Miles' Anti-Pain Pills are a most excellent remedy for headache and neuralgia. I have been a great sufferer from both diseases for the past three years. A friend who had also suffered from neuralgia handed me some of the Anti-Pain Pills. I took them and they gave me almost instant relief. Since then I have a package at home, and another at the office, and they never fail to relieve me." F. V. MEGARY, 937 S. Sawyer St., Chicago, Ills.

Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit. If it fails he will return your money. 25 doses, 25 cents. Never sold in bulk.

THE PAINTER MILLET

LIFE OF THE ARTIST OF THE PEOPLE WHO WORK AFIELD.

The Way the "Cry of the Soil" Used to Ring In His Ears—Times When He and His Wife Felt the Pangs of Hunger—When Success Came.

Millet's early life was very close to nature. His father's farm was at Gruchy, in the hilly department of Manche, which juts out like a promontory into the English channel. In that narrow strip the sea is nowhere far off. He grew up in the air of the hills and of the sea, surroundings bringing sturdiness of character and development of imagination, if a boy chance to have either of these, and the young Millet had. He knew nothing of art or artists, but he had the desire to represent what he saw, and in the interims of work upon the farm he would copy the engravings in the family Bible or take a piece of charcoal and draw upon a white wall. By the time he was eighteen a family council was held and it was decided that the father should take him to Cherbourg and consult a local painter as to a career prospects. The painter advised in studying art, and undertook to teach him. However, he worked in Cherbourg only two months, for then his father died and he had to return home to resume his work as a farm laborer. Three more years he labored until the municipality of Cherbourg provided a sum of money to enable him to go to Paris to study.

He was now twenty-three, a broad chested Hercules, awkward and shy, his big head covered with long fair hair, with nothing to denote intellectual force except a pair of piercing dark blue eyes. Delaroche, to whose studio he attached himself, was kind to him, but Millet could not understand the large classical pictures that the master painted. To him they seemed artificial, with no real sentiment. Ringing in his ears even then, as he used to say in later life, was the "cry of the soil"—memories of his home life, that in some way he wanted to learn to paint. Delaroche's studio was no place for him, and after a little while he left it.

Then followed eight years of beating the air. He married and had to bestir himself for a living. He tried to paint what the people seemed to like—pretty little figure subjects—but prettiness was not in his line, and the attempt to seek it disgusted him. Suddenly he made the great resolve to paint what he wished to and could paint, and in 1848 produced "The Winnower." It represented a clumsy peasant, in uncouth working clothes, stooping over a sieve as he shakes it to and fro. From the point of view of the academies a shockingly vulgar picture! Yet it sold for 500 francs ($100). Millet now had the courage of his convictions.

His friend Jacque, afterward the celebrated painter and etcher of sheep and poultry, told him of a little place with a name ending in "zon," near the forest of Fontainebleau, where they could live cheaply and study from nature. The two painters, with their wives and children, rumbled out of Paris in a cart which took them to the town of Fontainebleau. Thence they proceeded on foot through the forest. It was very wild in those days. "How beautiful!" was Millet's constant exclamation. Arrived at Barbizon, they were welcomed at Ganne's inn by Rousseau, Diaz and the other artists who lived in the village.

When a fresh painter came into the colony it was the custom to take down from the wall a certain big pipe, that, as the newcomer puffed at it, the company might judge from the rings of smoke whether he was to be reckoned among the "academics" or the "colorists." Jacque was proclaimed a colorist; but, some uncertainty being expressed concerning Millet, the latter exclaimed, "Ah, well, if you are embarrassed, put me in a class of my own." "A good answer," cried Diaz, "and he looks strong and big enough to hold his own in it." The little pleasantry was prophetic.

But its fulfillment was deferred for many years, during which Millet worked on in poverty, pictures that now would bring large sums of money being refused at the exhibitions of the salon and finding no purchasers. A hint of his condition is contained in a letter to his friend Sensier, acknowledging the receipt of $20: "I have received the hundred francs. They came just at the right time. Neither my wife nor I had tasted food for twenty-four hours. It's a blessing that the little ones, at any rate, have not been in want."

It was only from about his fortieth year that his pictures began to sell at the rate of from 250 to 300 francs each. Rousseau, who had himself known the extremes of poverty, was the first to give him a large sum, buying "The Wood Cutter" for 4,000 francs under the pretense that it was for an American purchaser. It was resold at the Hartmann sale in 1880 for 138,000 francs. By the beginning of the sixties, however, Millet's reputation was no longer in question. At the Paris exposition of 1867 he was represented by [illegible] and received the great the hanging committee. But he still continued what has been happily called his "life of sublime monotony," his sojourn in Barbizon being interrupted only during the war of 1871, when he retired to Cherbourg, painting there some fine pictures of the sea. He died in 1875 at the age of sixty and was buried in the little churchyard of Chailly, overlooking the forest. A rock in the latter bears a bronze tablet on which a sculptor has represented side by side the bust portraits of Rousseau, the father of modern French landscape, and Millet, the artist of the people who work in the fields.—Charles H. Coffin in St. Nicholas.

Given Up to Die.

B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run-down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good, and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." J. W. McCollum & Co

Causes of Cancer.

"I could see no reason for the prevalence of cancer among the backwoodsmen of North America," says an English writer. "The other day, however, I happened to read in an account of the backwoods of Canada that the lumbermen maintain their remarkable powers on buckwheat cakes served with molasses, potato pies, baked beans, white bread, pork and bacon. So far good, but that tea, black as ink, sweetened with molasses or sugar house sirup, is always near the fire by day and by night and is used in vast quantities. Here we have the rich nutriment and the great excess of stewed tea and the excess of sugar, corresponding to the excessive beer and excessive coffee of parts of Holland, Scandinavia, Switzerland, Baden and Bavaria, in all of which cancer is exceedingly prevalent."

Apes and Beards.

Almost all apes have beards. Darwin says that gorillas, chimpanzees and orang outangs have also stiff and bristly hairs upon their upper lips, resembling cats' whiskers. The beards of apes possess a remarkable resemblance to those of men, in being almost invariably lighter in color than the hair of the head. In apes the chin growth is most frequently yellow or red, becoming white in age. It is common to both sexes, although more strongly developed in the male. Apes—and monkeys also—have eyebrows as well, which do not grow thickly together as in human beings, but are scattered through the hair, covering the part of the face which would be called the forehead in man.

Cured Hay Fever and Summer Cold.

A. J. Nushbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar and it cured me. My wife has since used Foley's Honey and Tar with the same success." J. W. McCollum & Co.

JEALOUSY CAUSES A TRAGEDY.

Young Man Angered at His Rival Shoots Him, Then Suicides.

Buford, Ga., August 30.—As a result of a misunderstanding between Cliff Brogdon and Coleman Suddeth two young men of prominent families living near Laurel Creek church, four miles from this city, Suddeth was instantly killed and Brogdon seriously shot.

From the best information to be had both young men had made an engagement with a Miss Brazil to accompany her to church, the same church and at the same hour.

Both arrived at the home of the young lady when she, it is said, stated to Suddeth that she had acted hastily but would accompany Brogdon.

This is supposed to have angered Suddeth, and knowing the way by which Brogdon would return home waited on the roadside for him.

When Brogdon came up, they greeted each other hello, when, it is said Suddeth told Brogdon that he had not treated him right.

People living nearby heard quarreling had immediately two pistol shots ring out. On investigation, Suddeth was found dead, having received a shot in the left breast under the heart and Brogdon with a dangerous wound in the right shoulder.

It is claimed that Brogdon had no pistol, as none was found on him, and that Suddeth, thinking he had killed Brogdon, turned the gun on himself.

Nothing on the **Market Equal to Chamberlain's Colic, Cholera and Diarrhoea Remedy.**

This fact is well known to druggists everywhere, and nine out of ten will give their customers this preparation when the best is asked for. Mr. Obe Witmer, a prominent druggist of Joplin, Mo., in a circular to his customers, says: "There is nothing on the market in the way of patent medicine which equals Chamberlain's Colic, Cholera and Diarrhoea Remedy for bowel complaints. We sell and recommend this preparation." For sale by all druggists.

Couple Die At Same Time.

New York, August 30.—Separated by 1000 miles distance, Mrs. Jane Johnson and her husband, Allan Johnson, a Little Rock, Ark., banker, met death almost simultaneously Monday. At the precise hour when Mrs. Johnson's body was taken from the bathing waters of Coney Island, a telegram reached here to inform her of the death of her husband. The wife was a magazine contributor, who wrote under the nome de plume of Helen Dix Johnson, and the husband was president of the National Exchange bank of Little Rock.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root**, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

EIGH THOUR MOVEMENT.

Delegates of Southeastern States of Typographical Union Meet.

Atlanta, August 30.—The southeastern eight-hour convention was formally called to order Monday. The meeting took place in the Federation of Trades hall in Forsyth street. Wade P. Harding, president of local union No. 48, after a few appropriate introductory remarks, introduced to the delegates E. W. Gaines, president of the southeastern division of the Eight Hour association.

Mr. Gaines spoke for some time. His remarks were listened to with attention and it was clear that his audience was in sympathy with his beliefs and his principles.

The meeting issued a circular setting forth the printers' demands for an eight hour work day. Resolutions were also adopted indorsing the printers' position in the recent Chicago trouble.

As a fitting close to the day's work a banquet was tendered the visitors in the dining hall of the Kimball house at night.

A Worm Killer.

J. A. J. Montgomery, Poxico, Wayne county, Mo., writes: "I have little twin girls, who have been bothered with worms all their lives. I tried everything to relieve them, which failed until I used White's Cream Vermifuge; the first two doses brought four worms from one of them, the next two doses, twelve, one of them measuring twelve inches; the other child was only relieved of four worms. It is an excellent medicine." White's Cream Vermifuge is good for children. It not only destroys worms—it helps the child to perfect growth, wards off sickness. Sold by W. M. Johnson.

Prominent Floridians Fight.

Pensacola, Fla., August 30.—Another municipal sensation was sprung here when Secretary W. C. Jones, of the chamber of commerce, who was formerly city clerk, openly charged Mayor Charles H. Bliss with grafting for the reason that he had not signed the new ordinance just passed, separating the white and negro races on the street cars. This occurred on Palifox street in the presence of quite a number of people and when the mayor called the secretary a liar the latter struck at him with his clinched fist. Secretary Jones then continued to talk to the mayor saying that he was an accident in office and always held his hand behind him to receive anything that might be placed in it.

A Touching Story

Is the saving from death of the baby girl of Geo. A. Eyler, Cumberland, Md. He writes: "At the age of 11 months, our little girl was in declining health, with serious throat trouble, and two physicians gave her up. We were almost in despair, when we resolved to try Dr. King's New Discovery for consumption, coughs and colds. The first bottle gave relief; after taking four bottles she was cured, and is now in perfect health." Never fails to relieve and cure a cough or cold. At all drug stores; 50c and $1; guaranteed. Miss Tebeau's Boarding and Day School

No. 800 West Main St., S.
GAINESVILLE, FLORIDA

31st Session Opens
September 18th, 1905

Mrs. E. B. Godwin of High Springs was shopping in the city yesterday.

Attorney B. A. Thrasher has returned from a professional visit to High Springs.

Miss Sallie Perry of Rochelle has returned to her home, after a pleasant visit to Mrs. E. C. F. Sanchez of this city.

B. F. Chase of the firm of Harper & Chase, piano dealers, has returned from a successful trip to points in South Florida.

Mrs. F. B. Hester of Evinston has returned to her home, after a brief visit to Mrs. L. A. Thrasher, 201 East Main street, N.

W. N. Wilson left yesterday for New York, where he goes to purchase goods for Mrs. R. Wilson. He expects to be absent about two weeks.

Col. R. P. Evans, a prominent Attorney of Atlanta, Ga., who has been here for the past two or three days on professional business, returned to his home yesterday.

Elam Glisson, Bart E. Hall and Bryant Alford, all residents of McRae, Clay county, were in the city yesterday on business connected with the United States land office.

A little forethought may save you no end of trouble. Anyone who makes it a rule to keep Chamberlain's Colic, Cholera and Diarrhoea Remedy at hand knows this to be a fact. For sale by all druggists.

Hon. Walter G. Robinson is again in the city, after a visit of two months to his old home, Providence, R. I. The friends of Mr. Robinson will be glad to learn that his health has improved, and that he is looking a great deal better than when he left.

W. E. Cummer of Jacksonville, vice-president of the Cummer Lumber Company, arrived in the city yesterday, and in company with Land Commissioner W. R. Steckert visited the naval stores camps of that company a few miles west of the city.

Some rare bargains are to be had at this office in second-hand typewriters: Remington No. 6, practically new; Remington No. 7; Barlock No. 10; Smith Premier No. 2; Caligraph No. 3, and Fay-Sholes No. 6. These machines will be sold cheap and on very reasonable terms. First applicants get the best bargains. dawtf.

M. E. Robinson, more familiarly known as "Sunny Jim," the clever representative for Joe Rosenheim & Sons, shoes, Savannah, is in the city. Mr. Robinson is a very enthusiastic Elk and is combining business and pleasure, having made his date here at the time when he could be present at the installation of Gainesville lodge.

A. B. Simmons of Bell was in the city for a few hours yesterday. Mr. Simmons was en route from Waldo, where he went to visit his brother, John F. Simmons, whom he has not seen for six years. Friends will regret to learn that he left his brother in bed with typhoid fever, and his condition is not considered any too favorable. It is hoped, however, that the patient will recover.

READ THIS.

DOTHAN, ALA., JULY 13, 1899.

Dr. E. W. Hall, St. Louis, Mo.—Dear Sir: We have been selling your Texas Wonder, Hall's Great Discovery, for two years and recommend it to anyone suffering with kidney trouble as being the best remedy we ever sold. Yours truly, J. R. YOUNG.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 929, St. Louis, Mo. Send for testimonials. Sold by all druggists.

H. M. Chitty has returned from New York, where he has been for the past two weeks purchasing the fall stock for H. M. Chitty & Co.

Among the High Springs candidates for Elkdom who came down to be initiated into Gainesville Lodge No. 990 were D. Daugherty, E. J. Smith, H. C. Stevens and W. E. Summers. They were accompanied by E. C. Dickey, Dr. William Sutherland, John O'Donald and James Yunestra, already members of the order, who came to see "the thing well done."

E. O. Zealey, a prominent business man of Atlanta who has been here for the past few days as a guest of Endel Inn, has gone to Ocala, where he expects to remain for a couple of weeks before returning home. It has been intimated that Mr. Zealey, who is a man of considerable means, is prospecting throughout the State with a view of securing a location for a winter home.

Among the prominent Floridians registered at the Brown House is Hon. A. M. C. Russell of Brooksville, county superintendent of schools, publisher of The Southern Argus, and one of the most widely known citizens of South Florida. Mr. Russell is a brother of Rufus A. Russell of Jacksonville, and is an old-type Southern gentleman. He expects to remain in the city for a day or two.

W. T. Jones, who for the past five years has been connected with the various firms doing a grocery business at the corner of West Main and Union streets, has resigned his position to establish a pressing club. Mr. Jones has made himself quite popular with the trade and will be missed. It is needless to add that he will make a success of his new venture, being well and favorably known.

Mr. and Mrs. Tom McCarroll have arrived in the city and for the next few days will be guests of the former's parents, Mr. and Mrs. M. G. McCarroll. Mr. McCarroll is in the government service, engineers' corps, with headquarters in New Orleans, but came here from Atlanta, where himself and wife have been for several weeks. Tom is an old Gainesville boy and his many friends here are glad to see him again.

G. W. HYDE.

Captain A. Paul, special agent of the United States land office, has returned from an official visit to points in West Florida, west of the Chattahoochee river. He reports the sections visited in excellent condition, commercially and agriculturally. The timber interests in saw mills and turpentine are also flourishing, and altogether the country west of the Chattahoochee was never better.

Registration Notice.—Notice is hereby given that the registration books of the City of Gainesville are now open at my office in the United States land office, where all persons qualified to register, including residents of the new territory added to the corporate limits of the city by the new charter enacted by the last Legislature, may register between the hours of 8 and 12 a. m. and 1 and 4 p. m. Books close on Saturday, September 9th, 1905. J. M. DELL, City Clerk.

There will be a musical entertainment and recital conducted by Prof. D. S. Days at Johnson's Hall, Friday evening, September 1st. Some of the best local talent in the city has been secured, assisted by two accomplished young ladies of Jacksonville. The public is cordially invited to be present. Refreshments can be had at the close.
